Metal Earth®

3D METAL MODEL KITS

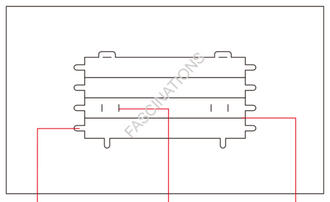

1965 Ford Mustang Coupe

Item No. MMS056C

360° view

It is highly recommended that you visit
www.metalearth.com/360/mms056c
to see the completed model before assembling your own

Insertion tabs are inserted and then folded

Insertion holes

Fold lines can be seen as shown here

Legends:

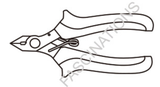

- E — Engraved /Color side
- NE — Non-engraved /Silver side
- Attention point
- Insert tab and bend 90 degrees
- Insert tab and twist 90 degrees

Assembly tip:

If needed, slightly twist tabs to hold parts together then untwist and bend them down for a nice finish

Recommended tools:

-Wire cutters: helpful for taking parts from the metal sheets.

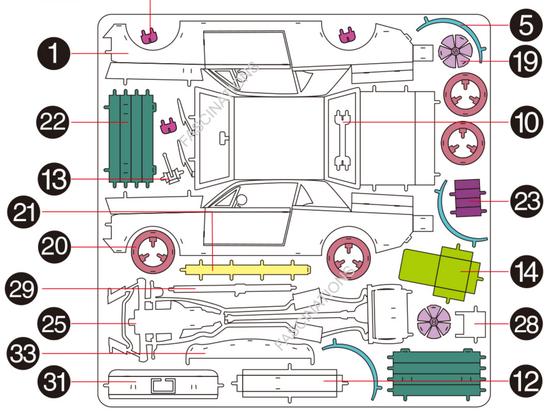

-Tweezers or needle nose pliers: helpful for folding parts, bending and twisting tabs.

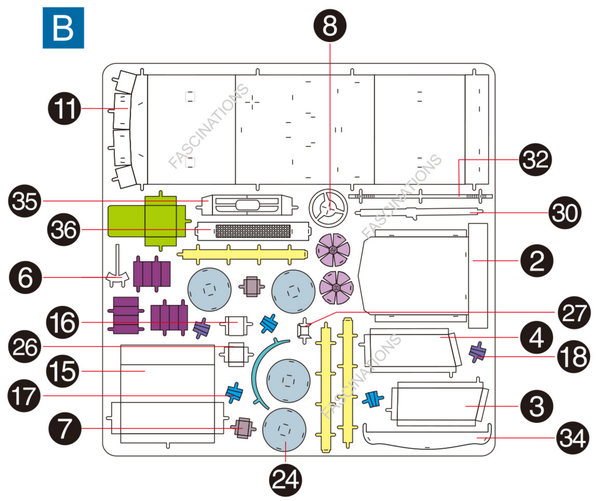

Metal sheets

A

Parts that are in the same color are duplicates

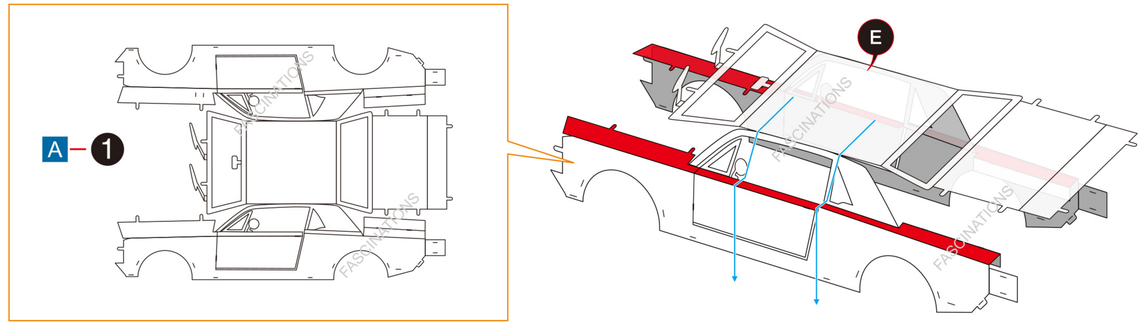

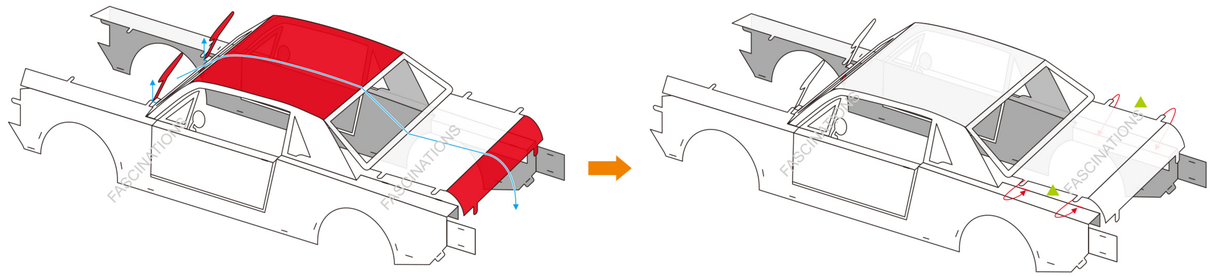

B

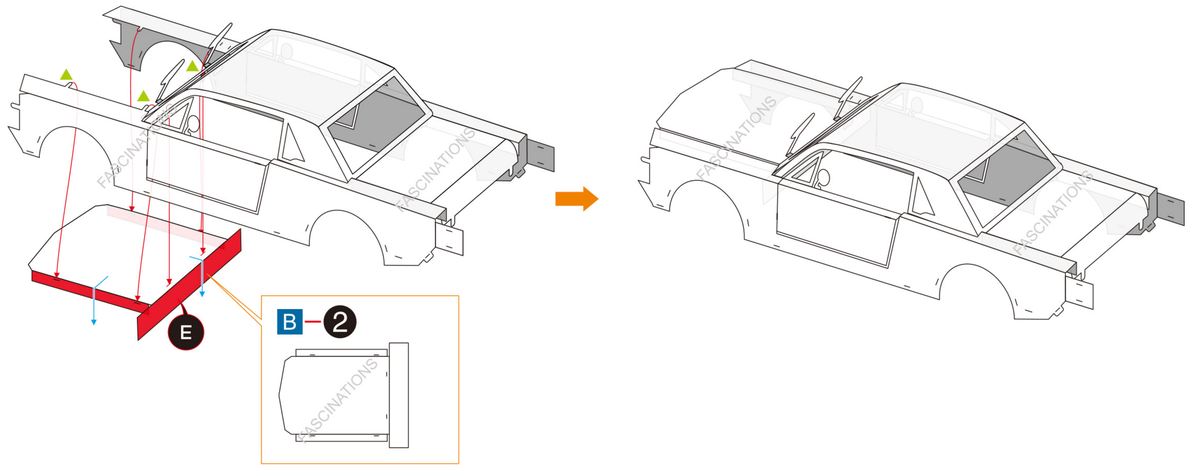

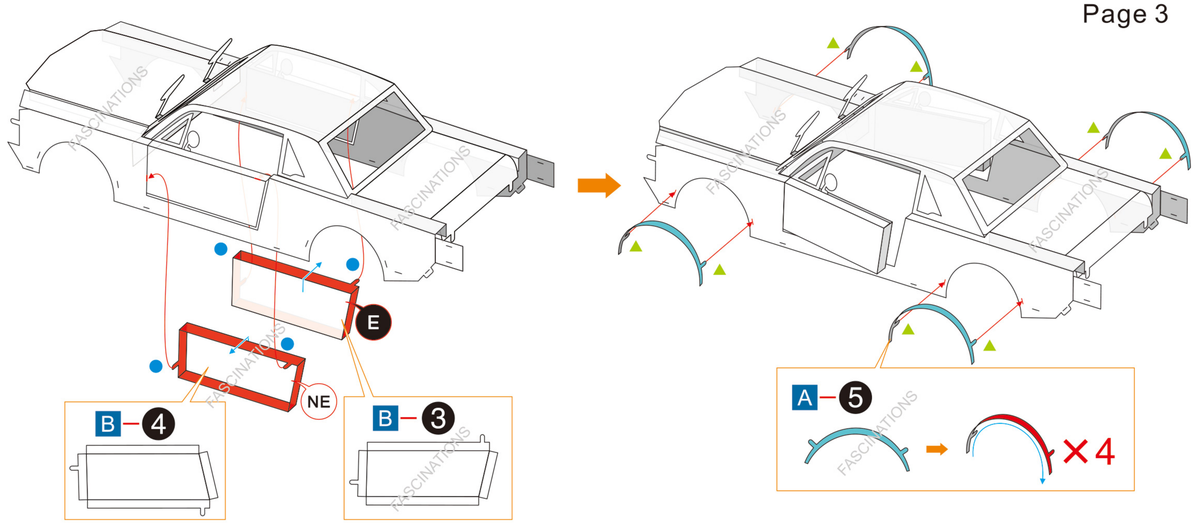

In order to avoid possible injury from sharp edges, please carefully discard the metal sheets after parts have been removed
